- An Introduction to the Publication Scheme
- The 9 Broad Classes of Information
- How We Make the Information Available

INTRODUCTION TO THE MODEL PUBLICATION SCHEME

The Freedom of Information (Scotland) Act 2002 (FOISA) provides individuals with a right of access to all recorded information held by Lews Castle College UHI. Anyone can use this right, and information can only be withheld where FOISA expressly permits it.

FOISA requires Lews Castle College UHI to adopt and maintain a **publication scheme**, and to publish information in accordance with that scheme¹. A publication scheme is a document which describes the information the college publishes, tells the public where to find it, and whether there is a charge for it. When deciding what it will publish, a college must consider the public interest in information about²:

- its services, the cost of providing services, and the standards attained by those services
- the facts or analyses, on the basis of which it has made decisions of importance to the public
- the reasons for the decisions it has made

The Act also allows the Scottish Information Commissioner to prepare model publication schemes which can be adopted by a group of authorities³. The Commissioner has developed the Model Publication Scheme ('MPS'), which is suitable for adoption by all public authorities, including Scottish colleges.

Lews Castle College UHI has adopted the Scottish Information Commissioner's MPS in its entirety, without amendment. This means that we are committed to publishing all the information we hold, which is described by the classes in the MPS. All information that we publish will be added to this scheme and it will be updated regularly.

This document is the **Guide to Information** which Lews Castle College UHI makes available under the classes described in the MPS. It:

- allows the public to see what information is available in relation to each class
- states what charges may be applied
- explains how to find the information easily
- provides contact details for enquiries and to get help with accessing the information
- explains how to request information that has not been published.

Alongside FOISA, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provides a separate right of access to the environmental information that we hold. The MPS also covers environmental information.

This Guide to Information was last updated in December 2019 (17/12/19).

¹ See section 23 of FOISA.

² See section 23(3) of FOISA.

³ See section 24 of FOISA.
